

Better Cellular Service...Now, Not Later!

Proposed Stealth Tower at 6200 Gulf of Mexico Drive

If you would like your cellular service improved on the north half of Longboat Key through the use of a stealth, camouflage tower at the Longboat Island Chapel, please 1) confirm your support below, 2) tell your neighbors, and 3) attend the upcoming Island Chapel Community Meeting, the Town Planning & Zoning Board Hearing and Town Commission Hearings on the application. Please voice your opinion to the Town and local newspapers.

- Town of Longboat Key 941-316-1999 tgranger@longboatkey.org
- The Longboat Observer 941-383-5509 longboatletters@yourobsvr.com
- Longboat Key News 941-387-2200 comments@lbknews.com

I support the long-needed improvement in wireless coverage on the north end of Longboat Key through the construction at the Longboat Island Chapel of a stealth cell tower similar to the one depicted above.
